## NOTICE to PROMOTERS and EVENT ORGANISER and VISITORS

### TMP - COVID – 19 (Corona Virus) Update

Considering the current global challenges being created by COVID-19, we need to ensure the operational continuity of the business, but our primary concern is the health, safety and wellbeing of our employees, users and visitors to our facility. In order to ensure appropriate working conditions, we are following guidelines and recommendations of local, national and global health organisations. This includes increased hygiene, sanitation and regular monitoring of public health information as it is made available.

#### HYGIENE FIRST

Take good care of yourself, your family and others in your community through being responsible in applying these simple measures. Basic preventative measures against the new corona virus include washing your hands frequently for a minimum of 20 seconds, maintaining social distancing, avoiding hand to eyes, nose and mouth contact and practice good coughing and sneezing etiquette (into elbow or tissue), which includes disposal of used tissues immediately.

**If you are feeling unwell or are concerned that you are showing symptoms of fever, cough or shortness of breath, please stay at home. You can ring your local Healthline (see below) or contact the GP by phoning ahead of the visit to explain symptoms and where appropriate your travel history.**

#### TRAVEL

Due to the increased risks associated with the widespread and sustained transmission of the virus, there is a recommendation that travellers avoid all non-essential international travel for the next three months.

There is no disruption anticipated to travel within our country or your region and we will continue to align future decisions based on alignment with health authority advice and recommendations.

If you have recently return from overseas and have experienced the symptoms of fever, cough or shortness of breath, please stay at home and follow the instructions detailed below:

**DO NOT VISIT BRUCE McLAREN MOTORSPORT PARK**

Please see below for specific country advice. Refer to the weblinks at the end of the message for all other markets.

#### Travel from category 1 countries/territories

- For NZ citizens and permanent residents (and close family members) need to register with Healthline ([0800 358 5453](tel:08003585453))
- Undertake 14 days self-isolation starting from the date of the departure from that country or territory
- For all other visitors' temporary restrictions apply please see the website for latest information

#### Travel from category 2 countries/territories (excluding airport transit)

- Be aware of the COVID-19 symptoms. You do not have to self-isolate if you are well.
- Anyone who develops symptoms within 14 days of departing the Category 2 country and territory should contact Healthline ([0800 358 5453](tel:08003585453))

#### GENERAL

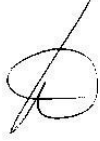

TMP is proactively taking steps to maintain a "business as usual" approach to our core motorsport activities,

We are currently monitoring the situation as closely as possible and will provide updates wherever necessary. We will continue to align our response plan to the World Health Organisation and Ministry of Health guidelines in New Zealand to protect our staff and the people who visit our facility so as we assist to reduce the risk of spread of the pandemic virus in our community and the workplace.
